

WEDDING INFORMATION

Function Room

This is a large function area usually used for larger parties where a reception dance is being held.

The far wall has large glass windows which look down onto the beach and is used as a bad weather alternative for ceremonies where couples had hoped to be married in the garden.

Maximum seated capacity for this room is seventy people.

Flat hire fee for this area of the building will be £200.

Lounge/ Private Dining Area

This room looks onto the front of the building and is ideal for a small ceremony.

The fireplace is usually used as a centre point of the room for the ceremony. This can be used after the ceremony for a drinks area where numbers are less than thirty.

For a civil ceremony this area will seat 30 people maximum. For a seated meal we can accommodate twenty people or thirty for a buffet style meal.

Flat hire fee for this area of the building will be £50.

Restaurant & Dining Room

This room looks into our gardens and down onto the beach and Melvich Bay. A stunning view for either a ceremony or a wedding meal.

This area will accommodate a maximum of forty people seated for a meal.

Flat hire fee for this area of the building will be £100.

Garden

In good weather we have a fantastic view over the beach and the Pentland Firth and our civil license extends to ceremonies in the garden. Unfortunately we have no control over the weather, but can have contingency plans in place should the weather turn inclement.

It is possible to erect a marquee in the garden but this can only be confirmed in direct consultation with hotel management regarding size, numbers and access.

You can see pictures of all these areas on our website however the lounge/private dining room has only recently been completed and we have yet to get any images.

Food & Drink

Prices for a sit down meal start at £27.50 per head (based on a four course set menu) but we can be flexible about the food you have in mind and have excellent produce thanks to our local suppliers – particularly meat and fish which are supplied to us through the Mey Selections brand.

We can only offer the use of our a la carte restaurant menu to a seated meal with numbers under twenty.

Sample Menu:
